***** NCA Dog Aggression Policy *****

“Any dog that in the opinion of the Event Committee, attacks a person or a dog at an NCA working event, resulting in an injury, and is believed by that Event Committee to present a hazard to persons or other dogs, shall be disqualified. When the dog is disqualified by the Event Committee pursuant to this section, a report shall be filed with the NCA Board. The disqualified dog may not again compete at any NCA working event, nor be on the grounds of an NCA working event unless and until, following application for reinstatement by the owner to the NCA Board, the owner receives official notification in writing from the NCA Board that the dog’s eligibility has been reinstated. “

Bitches in Season

Bitches in season will not be allowed on the test site until just prior to being judged, which will be after all other dogs are tested. When not being tested, bitches in season must be contained in a designated area away from the official test areas. If you are entering a bitch, do you anticipate she might be in season? As a courtesy, please inform the Test Secretary prior to the test.

Spectators and Non-entered Dogs

Spectators as well as non-entered dogs (except bitches in season) are welcome at the GRNC Water Test. However, non-entered dogs will not be permitted near the test site area. As a courtesy to our exhibitors, we ask that all dogs be kept quiet and leashed or crated.

Safety Observances

1. Dogs must be crated or on leash at all times.
2. When on leash, the length of the leash must not exceed SIX feet and may NOT be a retractable leash.
3. When on leash dogs must be under control at all times.
4. Dogs showing uncontrolled or aggressive behavior will be asked by the event chair, a board member, safety officer or other official to leave the site promptly or be crated for the duration of the test.
